1. Introduction

The abstract has a maximum length of one page A4, including all figures, tables, and references. It should be written in two column format.

2. Materials and Methods

The margins of the document are included in table 1. Keep the header and footer empty and do not add page numbers.

Top Margin	2.5 cm
Bottom Margin	2.5 cm
Right Margin	2.5 cm
Left Margin	2.5cm

Table 1: Margins of the document corresponding to an A4 paper. Font size of the table legend and table content should be 10.

For text, use Times New Roman font size 11. Paragraphs must be justified, without indentations. Use single line spacing without any spacing before or after a paragraph. Include an empty line between paragraphs.

The author list is also Times New Roman font size 11, centred. Add one empty line between the title and the author list. Next, include the affiliation list, centred and in New Times Roman font size 11 in italic. Add one empty line between the author list and the affiliations.

Figure 1: Use font size 10 for figure captions. The figure should be centred and caption justified.

Use also font size 11 for equations and number them with round brackets. The cross-reference to equations should be without brackets, Eq. 1. Same comment to figures and tables.

$$x = \sum_{i=1}^4 x_i \cdot \varphi_i^g(\xi, \eta) \quad (1)$$

The section headers are Bold, size 11. The main text start immediately below the section header, so do not add an empty line.

Finally add the full correspondence details of the corresponding author in Times New Roman font size 10, and justified. Allow for one empty line between the affiliation list and the correspondence line. Finally, add an empty line after the correspondence information.

3. Results

Be aware that the figures (Fig. 1) will both be available as a PDF file (colour pictures) and printed, in black and white, in the book of abstracts. So please make sure your pictures also look good in print.

4. Discussion and Conclusions

List references in order of appearance in the main text. Cross reference in the main text should be in square brackets [1] and [2,3]. In the reference list, number the references accordingly. For the reference list, use font size 10.
